MON 28 NOV 2005

Dear Friends,

In 1998, I was appointed pastor of this urban parish; an appointment I embraced with joy. Then I found that my predecessors had left me with thirty years of deferred maintenance! A fellow pastor in Avon Lake, Ohio, recommended Kenderson Incorporated as a source of wise counsel and sage advice for dealing with a wide spectrum of refurbishing, reconstructing, restoration and renewal necessities.

Each year since, I have relied upon Kenderson Incorporated to bring much needed professional expertise to the renewal of the parish's physical plant. Kenderson has been creative, attentive, flexible, scrupulous about detail and very much "hands-on" with each project. Major capital repair is always an intimidating experience for any pastor, especially since we have little or no background ourselves in the areas which Kenderson applies itself with aplomb!

Especially gratifying is the sense of interest and pride taken by the parishioners of Immaculate Conception Parish with each project. This means that there are many who have derived satisfaction from each successfully completed project. There are few experiences in pastoral administration that have been as gratifying as our parish's collaboration with Kenderson Incorporated.

With thanks for your time and kind attention, I remain

Most respectfully yours in Christ,

Michael B. Smith

Rev. Michael B. Smith, Pastor
